

Sites for Clinical Experience

The sites below offer opportunities to lactation consultant interns for clinical experience. ILCA neither endorses nor attests to the quality of the experience provided by a particular site. This list is provided for information purposes only. It is the intern's responsibility to select a site that will provide the desired experience and to make arrangements for the experience. New sites will be added as they become available, so you are encouraged to check periodically if you do not find a site near you.
