Mentor: Maria Corona

Mary, you have been my inspiration and role model for as long as I can remember. You always encouraged me to become a lactation consultant and join ILCA. Well, here I am at my 1st ILCA conference as a IBCLC. Thank you for all of your love and support. Love, Your Sis

Mentor: Jan Barger

From: Doraine Bailey

At my 1st ILCA conference in 1992, Jan talked to me at the end of the conference and said I should get involved with ILCA. Her faith and confidence that I had something to offer was highly motivating and tapped into my interest in participating in my professional association. Thank you!!

Thanks for all your expertise and help over the years. Your dedication to this wonderful cause has surely impacted many lives—mothers and professionals alike. With much love from your sister-in-law!

Mentor: Marsha Walker

From: Doraine Bailey

Marsha has always had an “open email” for every esoteric political breastfeeding question I’ve thrown at her! I so appreciate her critical eye and wisdom in following “big picture” issues. Thank you!!

Mentor: Martha L. Urbina

Martha,

Thank you for assisting and facilitating my transition from a Newborn Nursery nurse to an IBCLC. You are extremely knowledgeable, patient, an excellent preceptor and mentor, and a wonderful resource person. I truly enjoy being a part of your team. Thank you. Sincerely, Pat

Kay,

You have been a wonderful source of information, support, and inspiration, to me and to so many others. Thank you for all you do for mothers and babies, and for the profession. We love you!

Mentor: Miriam Labbok

From: Doraine Bailey

Miriam has been such a great example of someone involved across the broad spectrum of lactation support and breastfeeding. She is who I want to be when I grow up—confident and knowledgeable!!

Thank you!!

Mentor: Pat Young

From: Judy Schneider

Since you have been a LLL leader longer than myself even though we sat in 85, I consider you a mentor. You bought my family dinner after the exam. You have always been kind and generous. You have blessed me, Pat. You have touched me eternally. Thank you!
